### **Dr Sinfree Makoni**

Associate Professor of Applied Linguistics and African American Studies, Pennsylvania State University

### **Professor Alistair Pennycook**

Professor of Language and Literacy, University of Technology Sydney

## About the Conference

The focus of this conference is on the potential for TESOL pedagogies to make connections among individuals and communities. The conference will explore a range of TESOL pedagogies and their influences on the development of identities and relationships in diverse TESOL settings. This will include discussion of the role of language and culture within pedagogy. The keynote speakers listed on the right are international leaders in the field, and conference participants will comprise TESOL educators and researchers from around the globe.

## About the Symposium

This one day symposium explores the complex issue of keeping Indigenous and other community languages alive. Four expert presenters investigate the reasons for language decline and extinction, the processes in place for language maintenance, and its importance for the expression of community, culture and sense of identity. The positioning of the symposium prior to the 'Pedagogies of Connection' Conference highlights the dynamic relationship between English language teaching and maintenance of language diversity.

Developing Individual and Community Identities

## Call for Abstracts

ACTA cordially invites teachers and researchers to submit an abstract for the conference, using the Abstract Submission Form available on the ACTA conference website.

Abstracts must address the theme of the conference and applicants will be notified in December 2007.

### Submissions

Please forward the Abstract Submission Form to the Conference Secretariat by close of business 30 November 2007.

All presenters are required to provide ONE of the following:

- a PowerPoint presentation, handout or non-refereed paper, for an online Conference Proceedings. Non-refereed material may be submitted electronically, in hard copy or on a CD to the Conference Secretariat at the Conference;

OR

- a paper for a fully refereed special edition of *TESOL in Context*, the bi-annual ACTA journal publication, in accordance with the 'Instructions for Contributors' on the ACTA conference website. The deadline for submission of refereed papers is 10 August 2008 (one month after the conference).

## Register your Interest

If you are interested in attending the conference or symposium please contact the conference secretariat or visit the conference website and register your interest. You will then receive email and web updates.

Conference venue:  
Alice Springs Convention Centre
